

GETTING READY FOR YOUR PAINTERS

Prepping for Your East Dallas Painting Crew

A quick checklist to get your interior ready before we arrive

Confirm Your Appointment Details

Double-check your scheduled date, arrival window, and scope of work with your project coordinator.

Finalize Your Colors & Sheens

Confirm your chosen paint colors and finishes ahead of time so there's no delay once the crew arrives.

Clear the Rooms

Move furniture, rugs, and floor items out of the room or to the center, away from the walls.

Take Down Wall Décor & Fragile Items

Remove art, mirrors, and shelving from the walls, and pack away anything fragile nearby.

Secure Pets & Plan for Kids

Arrange a safe, separate space for pets and children while the crew is working in the home.

☐ **Clear Access Paths & Parking**

Make sure the crew has a clear path to the work area and space to park near the house.

☐ **Protect Valuables & Electronics**

Cover or relocate anything sensitive to dust – electronics, artwork, and heirlooms are worth extra care.

☐ **Set the Temperature & Ventilation**

Keep the home comfortably cool and ventilated so paint dries evenly and odors clear faster.

☐ **Be Available for the Final Walkthrough**

Plan to walk through the finished rooms with the crew so any touch-ups can be handled on the spot.
